Let us know what you think

The MBA are always looking for ways to improve and enhance our meetings. If you have any comments or suggestions for future events, speakers or subjects please pass them on to any of the organising committee members listed above.

The MBA are keen to use email to advertise meetings, etc. If you would like to take advantage of this please let Mike Ferguson know by email and then you can be added to the distribution list.

Rick Moore

Rick has many and various substantial community ties, supporting his recent nomination in the Leicester mayoral election. Rick is a Chartered Surveyor: born and bred in Leicester, he was educated at Wyggeston Grammar School and qualified at De Montfort University. Initially he was an Estate Agent and more latterly working as a Property Consultant and Advisor to the development industry. He created the company “Moore & York”.

In the late 1970’s he took a second degree (law) at De Montfort University. Although never becoming a Barrister, he is Leicestershire’s longest serving Magistrate (31 years). Formerly a Commissioner of Taxes and Chairman of the Prince’s Trust Charity he now chairs the Community Foundation Charity and the Building Schools for the Future Group of Companies. He is also a Governor of a large 6th Form College in the City and is Chair of the Governors at Fullhurst Community College.

He enjoys growing vegetables (he says it’s because they don’t answer back!) and is very much a family man. Time permitting he is a sports fanatic with watching rugby still playing a significant part in his life.
